[How To Install Grub2 Arch Linux Logos](#)

- 
- A screenshot of the GRUB2 boot menu. The menu is a white box with a light blue border. It contains a list of operating system entries, each with a small icon to its left. The 'Arch Linux' entry is highlighted with a blue bar. Below the list is a grey bar with a blue highlight and a countdown timer.
-  Arch Linux
  -  Ubuntu (Dummy Entry)
  -  Debian (Dummy Entry)
  -  Linux Mint (Dummy Entry)
  -  Fedora (Dummy Entry)
  -  Windows (Dummy Entry)

The highlighted entry will be executed automatically in 25s.
